Update 11.03.2019 FAI/MHA

THK proposal (bid process 2017/2018)

FAI WORLD AIR GAMES
TURKEY2022

"CREATE THE MAGIC"

FAI General Conference endorses FAI WAG 2017 & 2018

However, how to overcome concerns?

NACs (and respective NOCs) and Pilots (also some ASCs) struggle to be able to support, manage and attend a

Standard World Championships

plus additionally in the same year

FAI World Air Games

28.11.2019 EB decision

06.12.2018 FAI P communication

«All World and Continental Championships (Category 1) for ASC air sports activities (disciplines) included ... shall be held as part of FAI WAG 2022. The championships shall be re-formatted as appropriate for the event.»

Revised Concept – FAI WAG in World Championship format

European Championships (Glasgow – Berlin – 2018)

Individual European Ch's under one «lable»

ATHLETICS

AQUATICS

SWIMMING

DIVING

SYNCHRONISED
SWIMMING

OPEN WATER SWIMMING

CYCLING

TRACK

FAI WORLD AIR GAMES
TURKEY2022

"CREATE THE MAGIC"

✈ WAG = WCh: What does this mean for an ASC

- If 2022 is a WCh year
 - WCh to be run as part of FAI WAG 2022
 - Full-size, standard WCh
 - ASC appoints event officials & rules & juries
 - Event Operation done by ASC-accepted team
 - Cost arrangements for officials as «usual»
 - Cost coverage for operations team as «usual»
 - Normal arrangements for each WCh – wherever these are staged!
- If 2021 is a WCh year for the ASC
 - Option 1: Run a WCh in 2021 and another WCh in 2022
 - Option 2: Move the 2021 WCh to 2022
 - Option 3: Create a Category 1-event for 2022

Impact on Officials/Operations Team

Lessons learnt from Dubai 2015! No direct financial agreements between Officials or Participants with the host!

For FAI WAG 2022 it is secured:

- All Officials are ASC-appointed officials
- Operations team «reports» to the ASC and FAI
- THK will focus on anything on the ground incl accommodation
- We run the sports!
- FAI Lausanne will support and protect everybody by
 - Taking care than any financial agreements are handled through Lausanne
 - Travel to the venue in the best way (free tickets or fast re-imbursement from Lausanne)

What does this mean for competitors?

- Usual size of event
- ASC-approved invitation process (but harmonized with other ASCs)
- For the winners:
 - FAI World Air Games Gold/Silver/Bronze medal and
 - Title of FAI World Champion
- Entry fees/cost for competitors
 - Follow the concept as in any other FAI World Championship
 - Example, for CIG, take WCh POL 2015 and WCh BLR 2018 as a guidance and commitment that the 2022 entry conditions will not be «worse»
 - **However: FAI expects that the host of FAI World Air Games «over-compensates» participants and provides a «better deal» than in a WCh.**

Very close cooperation: ASC – Lausanne - THK

- 3-layers
 - 1st: overall for all seven venues (IT, safety, media, anti-doping, sponsors etc)
 - 2nd: venue specific for all activities in the same venue
 - 3rd: sport-specific
- This will be reflected in
 - High-level workshops
 - Venue meetings/visits for
 - Solutions and tools for IT/registration/results management/sports technology / safety / media
- Three phases (overlapping and connected)
 - 1: THK + EB + PresCom
 - 2: ASC liaisons + FAI HO + THK
 - 3: Operations Team + THK + FAI HO

2020 Test-Games

Main objectives: Test & promote!

- Sept and/or October 2020.
- If possible to be linked to existing events in that venue.
- Selected disciplines and venues, not full scale events.
- Focus on operations, participants, officials, NACs, NOCs, media.

Dates for 2022

- 29.08. - 01.09.2022 (Mon – Thu)
- **02.09.2022** (Fri)
- 03.09 - 16.09.2022 (Sat – Fri)
- 10.09 - 11.09.2022 (Sat – Sun)
competitions, side-acts,
- **17.09.2022** (Sat)
- 18.09.2022 (Sun)

Activities 2019 / 2020

Standardized processes/docs

Venue workshops for all ASCs

- **Sports Milestones 2019**

- Final: disciplines / no. of participants
- Final: Venues
- Venue technical requirements
- Identification/communication of test events 2020

- **Sports milestones 2019/2020:**

- Participants qualification/selection procedures
- Competition organization:
 - organizational teams & resources
 - Financial matters (budgets)

Other milestones 2019

- Promotion plan for 2020 – 2022
- Event website, social-media
- Sponsorship concept
- Establishment of a Local Organizing Committees
- Workshops/on-site meetings (ASC, IT, Safety, HoD)

Other milestones 2020

- Venue investment processes
- **TEST EVENTS**
- Timing & scoring development
- IT & Safety conception, games services areas
- National and international promotion activities, activities for the acquisition of sponsors
- Workshops (IT, Safety, Head of Delegations)

Activities 2021 / 2022

- **Sport milestones for 2021:**

- Athletes qualification for FAI WAG 2022
- Antidoping conception and preparation for implementation
- Ongoing cooperation with LOC (technical & competition requirements)
- End of recent investments on venues

- **Other milestones for 2021:**

- Acquiring sponsors for the event
- Acquiring Host Broadcaster and National TV for the event
- International TV rights sales
- National and international promotion activities

Further workshops

- **Sport milestones for 2022:**

- Ongoing cooperation with LOC (technical & competition requirements)
- Final qualifications
- Accreditation
- **FAI WAG 2022**

- **Other milestones for 2022:**

- Implementation of plans and conceptions
- Sponsors activities
- International TV rights sales
- Summary, settlement

Dedicated projects: ASC – THK – LOC – FAI

Safety

3-tier program to identify safety matters

- Hi-level, overall event, regulator/governmental matters
- Venue-level; local matters, management across more than 1 discipline
- Sports-operational level; event management, safety officer

IT

- Registration, data management, results management
- Interfaces FAI, THK, local
- Best practices
- Management of the competition

Education

- Education program
- Youth engagement
- Social activities

Environment

- Awareness activities
- Environmental audit

Experimental-/Homebuilt

- Joint projects with Turkish Aeronautical Association University
- <https://www.thk.edu.tr/en/homepage/>
- To be discussed
