13. Launch sites:

*Main take off – Višegrad altitude 1040 ASL,*

Height above valley is 500-700m.

Covered with grass, slope 20° - 35°, S, SSE, SW, WSW, NW, N exposure. Big enough for simultaneous taking-off of 10 pilots. (The most frequent winds come from the south quadrant with average strength of 4m/s; No power lines, no cables or other hazards. There is a helicopter landing place 200m from take-off and a lot of space for parking official and visitors' cars. There is water and shadow under the sun shelters and wood, as well as mobile toilets.

*Take off – Niška banja altitude 570m ASL,*

Height above the valley is 350m.

Covered with grass, slope 20° - 30°, NW, N, NE exposure. Big enough for simultaneous taking-off of 5 pilots. Winds comes from the mentioned exposure with average strength 3m/s. Helicopter landing place is in Niška banja (in front of take off area). There is water and shadow under the sun shelters and wood.

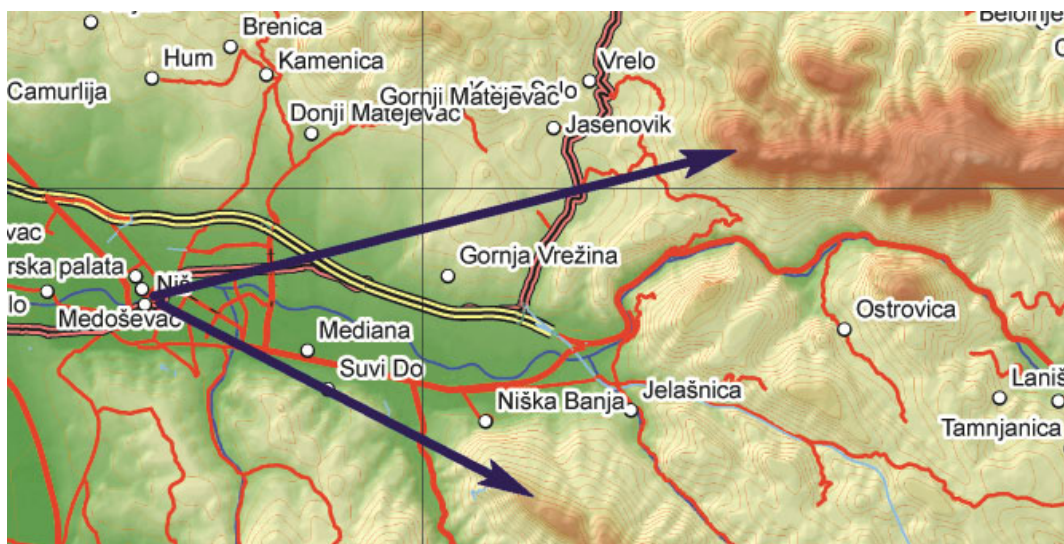

14. Distance/access to launch site(s):

From HQ

to main take off – *Pantelej Visegrad* straight distance is 16km, by road 45min.

to take off – *Niška banja* straight distance is 10km, by road 25min

Organiser arranges transport for competitors, officials and guests. It is possible to reach the take-off by van which is used for transport of competitors.

**15. Task flying area:**

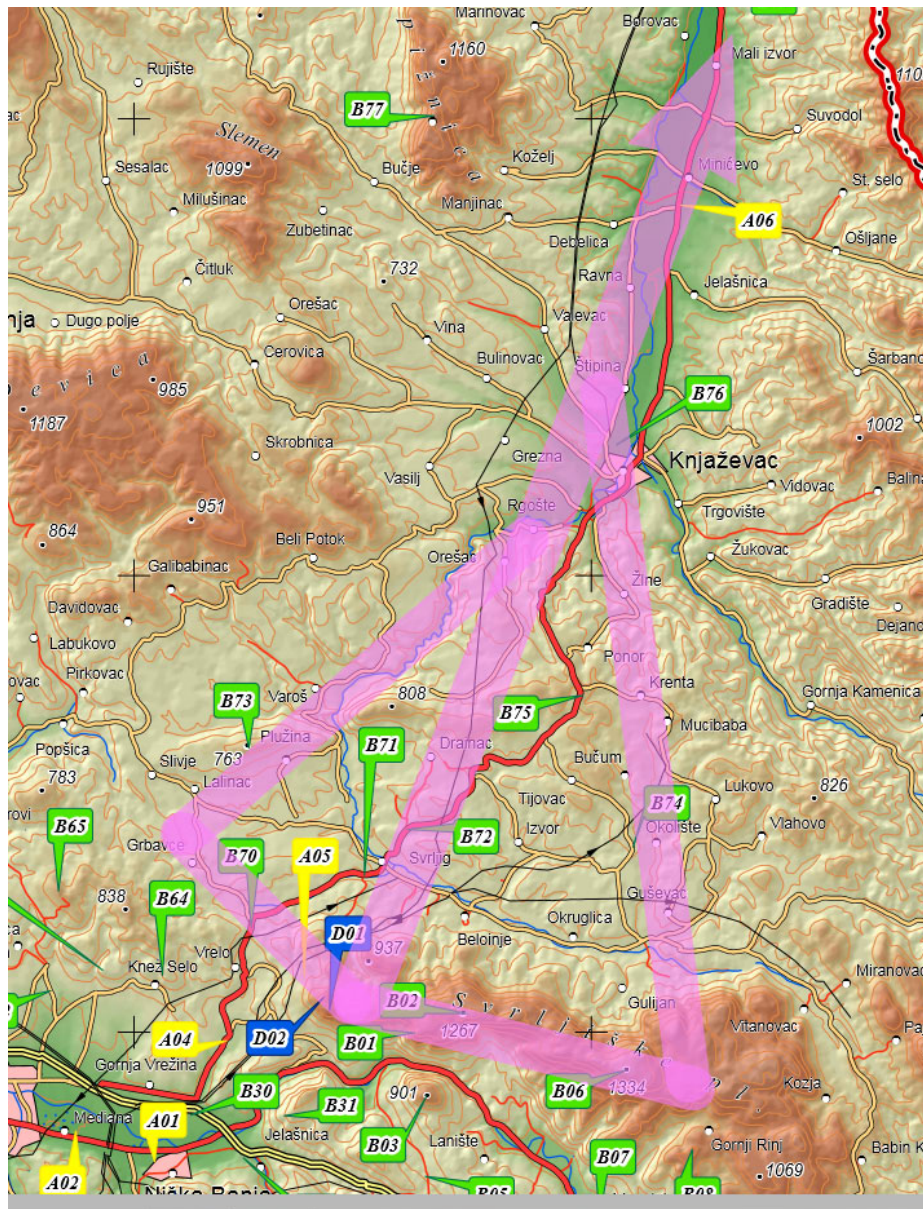

Almost all landing sites are without any obstacles, close to main asphalt roads.

Task flying area extends 80km to the North, 70-100km to the South, 40km to the East and 70km to the West from take-off. North direction extends along river Ibar's valley to the City of Zajecar or Knjazevac.

The highest hills here are at 1200m ASL and the valley slopes down to 150m, at which height is landing place in Niška banja. Attention is to be paid to the highway power-line. This area is middle populated, and all the places are connected to the motorway Niš - Pirot-Dimitrovgrad or Niš-Leskovac-Lebane/Vlasotince with asphalt roads.

Terrain is consisted of cultivated soil, fields and pastures, and in half part middle and high woods. The biggest rivers in this area, Nišava and Morava flows through the valleys, along with the motorway Niš-Pirot and Niš-Leskovac.

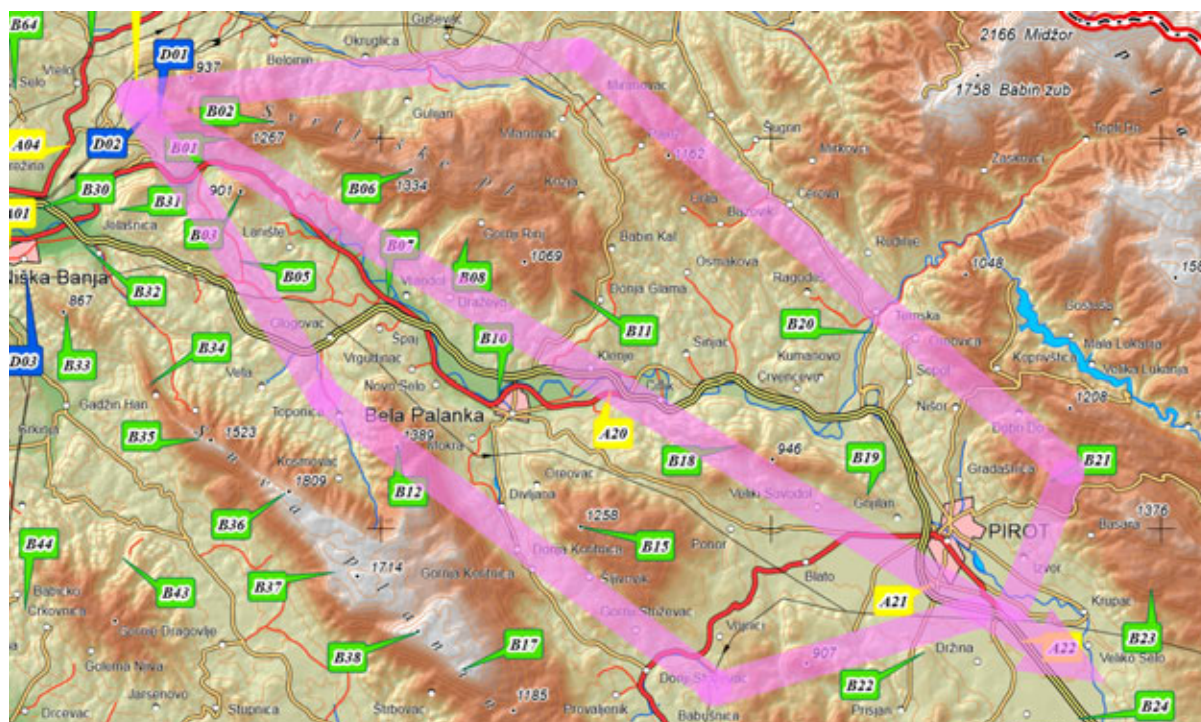

Good thermals can be expected with normal lift 3 – 6m/s.

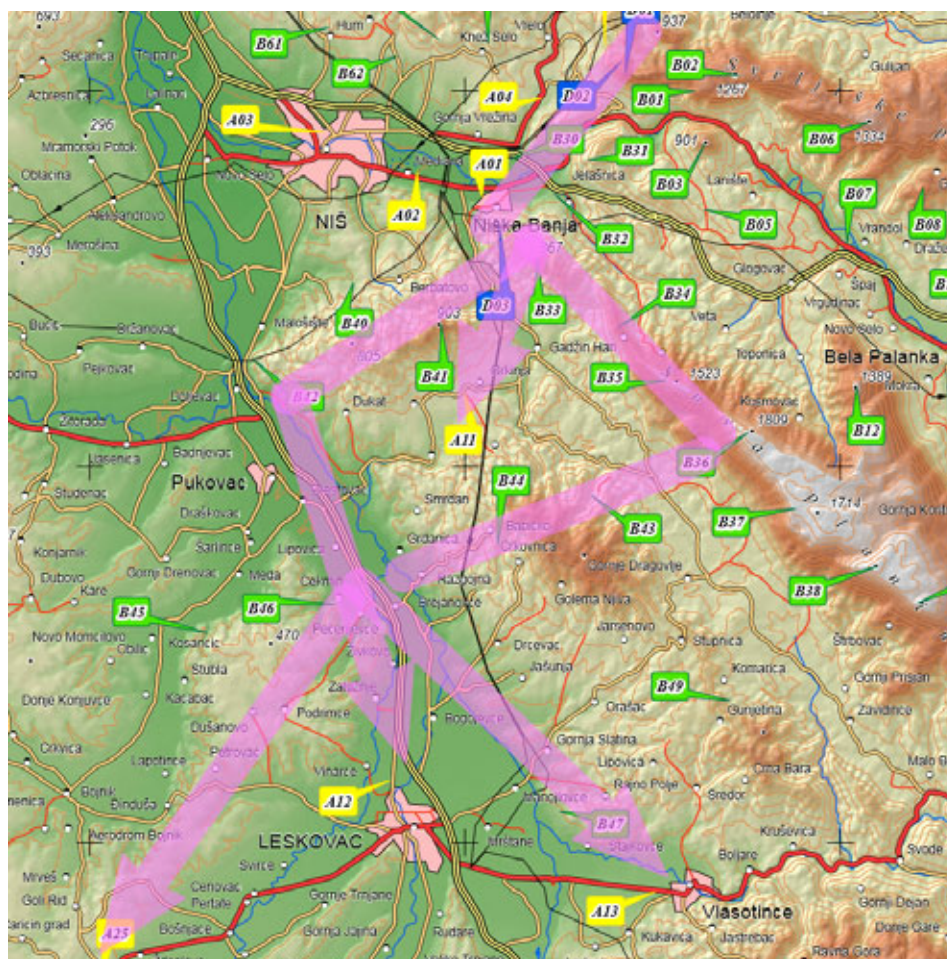

*The Playing arena towards N, in case of S, SW wind direction.*

**BID FOR 18<sup>TH</sup> FAI WORLD PARAGLIDING CHAMPIONSHIP  
PANTELEJ - NISH, SERBIA**

*The Playing arena towards SE, in case of N, NW, W, SW wind direction.*

*The Playing arena towards S, in case of NE, N wind direction.*

**16. Airspace:**

During The Championship, airspace will be completely available from take-off to landing all the time. All the paragliding activities inside the flying area will be announced by NOTAM and controlled by appropriate government service (flight control).

There are no prohibited areas and no restricted access areas except Airport Niš.

**17. Weather:**

Time of competition is selected in such manner to provide most often wind directions from south-west and nice and warm sunny days with low precipitation. Recommended maximum wind speed on launch and for task flying is up to 6m/s.

Thermals usually appear from 11:00 to 18:00, but not stronger than max 7m/s.

There are no strong valley winds.

**18. Meteorology:**

July and August are characterized by the average number of sunny days from 10.3 to 12.7 with moderate winds variable in direction. Rainfall is insignificant and is of convective origin (summer rains).

According to meteorological statistics and our 20 years long paragliding experience, the best period for flying is July-August. The best time of the day for early launch is 11.30 AM.

For forecasting we use data received from Republic Weather Bureau, meteo service at the Airport Niš (16km from take-off) and from Anti-hail defence service which has a meteo-radar.

Automatic wind station is positioned at the take-off.

We measure speed and wind direction at the take-off continually.

**19. Transport:**

The competitors will be transported from the HQ to take-off, and from landing place to the HQ by 8 seat vans. The vans are air-conditioned. Equipment will be transported by same vans, together with pilots.

**20. Safety issues:**

Local meteorological conditions: there is no specific areas of rotor, strong valley winds etc.

There are some power line issues, only close to the City of Nish.

**21. Rescue/Medical Services:**

During the competition a doctor and ambulance will be available all the time at the take-off and landing area. For serious injuries, evacuation to hospital (Clinic of Orthopaedics and Traumatology) will last 10 minutes max. All hospitals in Nis area will be available for competitors and participants of this Championship.

On the goal line one emergency vehicle will be engaged from that particular city. All of the vehicles are properly equipped. Also at the take-off, we will have one emergency vehicle. Medical departments in cities of our task area have special services for taking care of severe injuries. Helicopter, prepared with urgent specialists with appropriate instruments to take care of any serious injury. The helicopter crew needs 10 minutes to prepare from the moment of receiving the emergency call. The more distant points can be reached very fast depending of the distance to it. Helicopter will be waiting on Niš airport. Normally, response time will be maximum from 30 minutes to 60 minutes.

Three Mountain service teams will be available all the time on the take off and by the race route. Rescue teams will be equipped by live trackers, and radio communication devices, in contact with rescue team manager, and HQ.

**22. Safety Management Plan:**

- The doctor will be on take-off, together with rescue team.
- Local ambulance team will be on take off
- All teams are equipped with live tracker
- All teams are under HQ rescue Coordinator who is controlling whole rescue operations
- Local police of every region will be announced by organizer before competition starts
- Local police of every region will be announced daily depending of race direction

- All major ambulances, hospitals will be informed about the competition in order to secure priority in case of pilot injury
- Directorate of Civil Aviation of Republic of Serbia will secure helicopter's NOTAM, and all other needs in case of emergency
- There will be no rescue charges in case of injury
- Safety Director will control rescue operation together with Rescue Manager.
- Competition Safety Manager will control all other aspects of incident (controlling of accident area, media control, etc)

**23. Communications:**

Official frequency during the competition will be 146.675 MHz. Each team is allowed to use its own VHF frequency within range 144-146 MHz.

Live trackers will be provided.

Mobile phone coverage in some places is good. Local SIM cards will be secured for all pilots, for free. There are several mobile operators (Yettel, MTS, A1, Globatel).

**24. Liaison with police, military, public services:**

There will be cooperation concerning securing of the competition with the police.

There was not any bad history regarding competitions, pilots, etc.

**25. Insurance:**

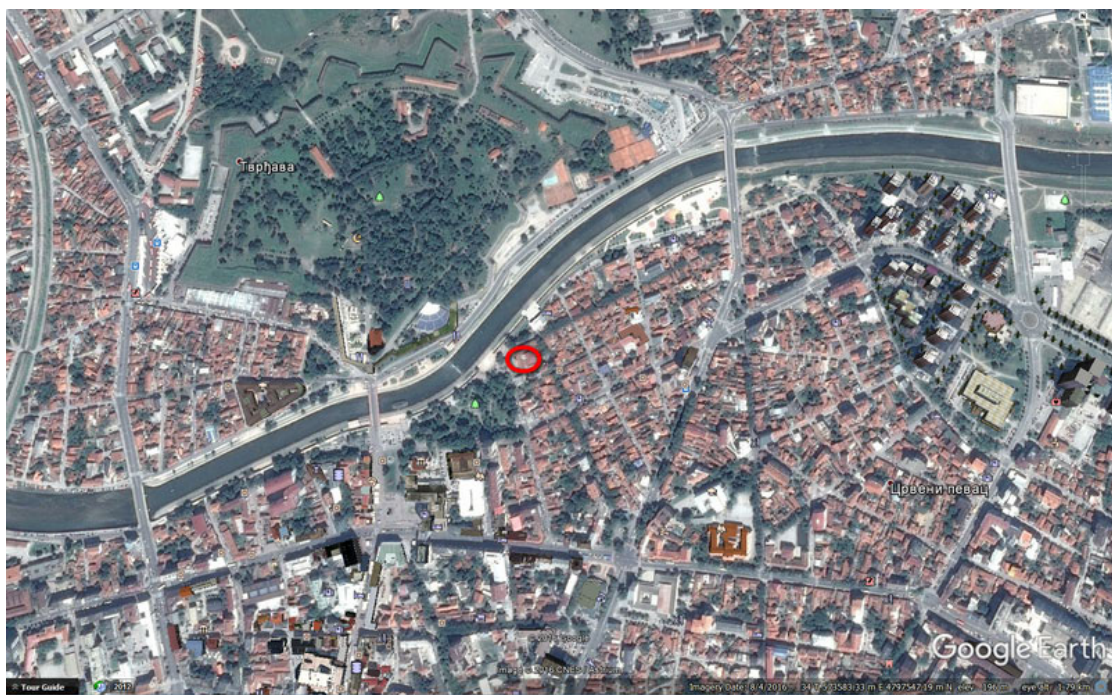

Documentary proof of insurance (in English or Serbian) covering public liability risk to a value of Euros 800.000,00 must be presented to the organizers before the start of the championship, as well as a personal accident insurance covering medical assistance and repatriation (section 7).

Aeronautical Union of Serbia will provide specific insurance for the pilots who need it and it will be available to be purchased on site (third party liability, extra individual coverage).

The organizer will have liability insurance to cover the event.

**26. Event Headquarters:**

The Championships HQ will be at the Hotel "Ambasador" or in "Officers home" in centre of Niš, where there will be a information desk, briefing room for team leaders and facilities. There will be a room for Championship officials (for meetings, rest, etc.) equipped with computers and internet access, as well as a press room. There will be a separate FAI official's room.

<b>CONFIRMATION LETTER:</b>	<b><i>Official bid to host the World Paragliding Championship 2025</i></b>
-----------------------------	----------------------------------------------------------------------------

Dear Sirs,

In the name of the Aeronautical Union of Serbia I would like to confirm our intention to present our bid to the FAI/CIVL Commission to host the World Paragliding Championship 2025 in Serbia.

The Championships would be held in Nish region, the same location where the two World Cups were held in last years, and European Championship. This place is offering numerous advantages: ideal paragliding terrain, good weather conditions, low cost facilities, an easy transportation accessibility and the local authorities' enthusiasm to strongly support the event. Also, local Paragliding club „Grunf“ and Paragliding club „Ares“ organized a five National Championships, 2 Paragliding World Cup, several PGA competitions, and many local competitions.

We will be pleased to present the bid in person during the CIVL plenary meeting in Portugal.

I would like to thank you in advance for your time dedicated to the evaluation of this bid.

Sincerely Yours,

President  
Labud Bulatovic
