

Suppression of tie pilots in the ranking list

.8 Pilot Ranking

Pilots are ranked upon decreasing Pilot Scores. Ties are broken by the highest single pilot rating score. 1

Proposal : addition of « If tie still exists, the ranking of pilots at the end of preceding year will sort the pilots. »

Argumentation :

When pilots are winning competitions that are at the maximum of the rating depending of their category, the actual rule is not efficient. For example, 2 pilots that are European champion and national champion may have a score based on competitions that have a rate of 980 and 960 points that will give them a score of 972,00 points (exactly). It happened few times in the past...
