

PROPOSAL TO IGC PLENARY 2007

Proposed by IGC Bureau

It is Proposed That:

The host and location for the World Series – Gliding Final (at which the race will be a Sailplane Grand Prix), after 2007, will be determined by a Plenum vote at the IGC Plenary meeting in the year preceding the races.

If this proposal is rejected then the following proposal will be tabled for voting:

That the Bureau be empowered to receive and select bids for the Final of the World Series – Gliding.

This Proposal affects:

Sporting Code Section – Nil

Annex A Rule – Nil

Other - Nil

Reasons supporting the Proposal:

In 2005 the Plenum empowered the IGC Bureau to determine the location and host for the 2007 2nd International Sailplane Grand Prix event.

Since then the naming of this event has been changed to the World Series – Gliding Final.

The Bureau believes that the Plenum should, in future, decide where these events are held, but recommends that only a one-year lead-time for approval of the bid is necessary.

This reduced lead-time recognises the fact that the World Series – Gliding Final is, logistically, simpler to stage than a full FAI World Gliding Championships event.
