

**PROPOSAL FROM THE AUSTRIAN AERO CLUB FOR  
CERTIFYING DISTANCE AND SPEED WORLD RECORDS, WHICH WERE  
REJECTED BECAUSE OF SPORTING CODE SC3 para 3.02.02 part b.  
15 December 2006**

**It is proposed:**

to certify distance and speed World Records, which were rejected because of Sporting Code SC3 para 3.02.02 part b.

**Reasons for supporting the proposal:**

The Sporting Code SC3 para 3.02.02 part b was active for a short time.

For distance records, it was active from 2004 to 2006.

For speed records, it was active from 1999 to 2006.

If we delete SC3 para 3.02.02 part b from the Sporting Code, it is fair to the pilots who have flown World Records in this time to give them the possibility to get their flown records.
