

Annual Report

F5J FAI World Cup 2016

More than 300 participants at 14 international F5J competitions leave no doubts as to how attractive this new F5 Electric Flight class is. Sadly no results were submitted from two of the events – not even after e-mailed reminders. The current ranking is provisional.

I have not yet found a solution for filtering out results from FAI World Cup events from the other open international competitions. I had to first open each announcement to identify them, which was a bit cumbersome.

Many thanks to all organisers as well as our World Cup Coordinator, Beatrice Bühler. There was even more work this year – a good sign for electric flight.

November 2016

Emil Giezendanner

F5J Glider Class - Provisional Classification

Rank	Name	NAC
1	MALČÍK PETR	CZE
2	MALČÍK RADEK	CZE
