AUSTRIAN BALLOONING REPORT 2010

Mr. President, dear Delegates!

The number of active pilots and hot air balloons in Austria is decreasing.
At the time we have 32 pilots in our national hot air ranking list.

Last year we had in Austria no accidents and no incidents.

The Austrian national championship 2010 took place in Waidhofen/Niederösterreich with 24 competitors from Austria, 18 competitors from Germany and 1 competitor from Lithuania.

During the year there were 6 hot air balloon meetings in our country.

3 pilots participate in the Hot Air World Championship in Debrecen, 1 pilot in the World Balloon Trophy in Echternach and the Gordon Bennett Race in Bristol.

For further information, dates and places regarding balloon events in Austria please refer to our website www.ballon-austria.at !

For 2011 I wish you always soft landings!
Hubert Kusternigg, Delegate Austria
