

IPC JURY NOTICE

Title & Location of Competition

**2nd FAI World Wingsuit Flying Championships
Prostejov, Czech Republic, 26.08 to 02.09.2018**

IPC Jury Meeting No: 2

Time and Date: 14.45 Hrs, 26th August 2018

Subject: To Judge, without applying, rule 3.5.4 Of the Wingsuit Flying Performance Rules.

Details:

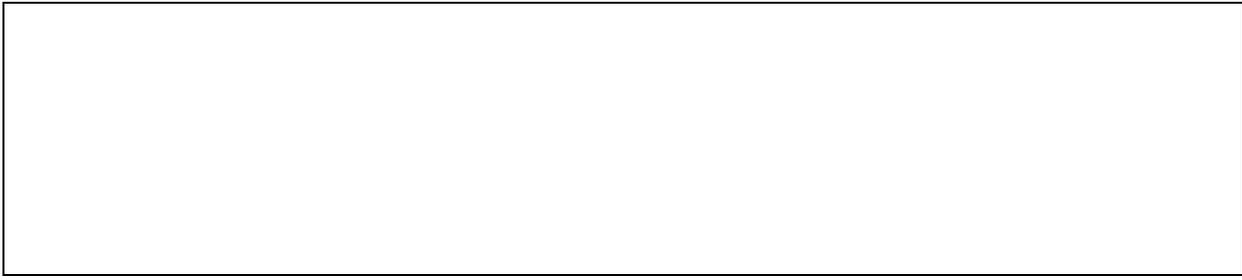

The Chief Judge, Buzz Bennett, asked for the Jury to consider allowing the Wingsuit Flying Performance event to be judged without applying Rule 3.5.4. This request was based on the fact that in nearly every single official training jump (2 per Competitor) ALL Competitors would have received a 50% reduction followed by a Zero score. This would have made a farce of the Competition. The Introduction of 3.5.4, without testing at a World Cup or National Championships, was never intended to result in this situation and the rule is flawed.

Decision

The Jury agreed to the Chief Judges Request. With the strong recommendation that the IPC Wingsuit Committee reexamine the rationale behind the introduction of 3.5.4, in its current form and to present their findings to the next IPC Plenary.
